# PARALLELIZATION OF THE UNCERTAINTY ANALYSIS IN ENVIRONMENTAL MODELS

VDM Verlag Jun 2008, 2008. Taschenbuch. Book Condition: Neu. 220x150x6 mm. Neuware - This book describes an approach to construct a decision support system from results of a non-point source (NPS) pollution model using high performance computing, and by distributing work load between client and server. A review of NPS models and a survey of techniques used for constructing decision-support software systems are given. The NPS model selected for this investigation was the Guelph model for evaluating effects of Agricultural...
