## CRS REPORT FOR CONGRESS: VETERANS MEDICAL CARE: FY2009 APPROPRIATIONS

Bibliogov, United States, 2013. Paperback. Book Condition: New. 246 x 189 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.The Department of Veterans Affairs (VA) provides benefits to veterans who meet certain eligibility rules. Benefits to veterans range from disability compensation and pensions to hospital and medical care. The VA provides these benefits through three major operating units: the Veterans Health Administration (VHA), the Veterans Benefits Administration (VBA), and the National Cemetery Administration (NCA). The VHA is primarily a direct service provider of primary care, specialized care, and related medical and social support services to veterans through the nation's largest integrated health care system. On February 4, 2008, the President submitted his FY2009 budget proposal to Congress. The Administration is requesting a total of \$39.2 billion (excluding collections) for VHA. This is a 5.3 increase (or \$2.0 billion) over the FY2008 enacted level. Including total available resources (including medical collections) the Administration's budget would provide \$41.1 billion for VHA. On March 7, 2008, the House (H.Con.Res. 312) and Senate (S.Con.Res. 70) reported their respective budget resolutions. After negotiations between the House and Senate, the House agreed to an amended version of S.Con.Res. 70 (Conference Report; H.Rept. 110-659). The conference agreement provides \$48.2 billion for FY2009 for discretionary veterans programs, including medical care, and provides \$45.1 billion in mandatory funding .
