Liferich, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Seeing $E=mc^2$ easily in the first three verses of Genesis, Dr Joy Snyder, MD began a journey to find how God fit into the theorem of a lifetime. She discovered incredulously that when dividing light from darkness, the result is a godless state ruling on one end of the equation, but then He reappears to right the original theorem-- $E=mc^2$ unto himself to $E=nm c^2$. Dr. Snyder proves that God is light, and as such we should not ignore His presence in engineering and mathematical proofs. Dr. Snyder contends that all of mathematics needs to be realigned unto God. God $=n$, meaning he is unfathomable.
