

Continuing Education (Correspondence) Upgraded public course textbook series: Complex Function and Integral Transformation(Chinese Edition)

By XU DA SHEN

paperback. Book Condition: New. Ship out in 2 business day, And Fast shipping, Free Tracking number will be provided after the shipment. Paperback. Pub Date: 2005 01 of Pages: 200 Language: Chinese in Publisher: China Electric Power Press continuing education (correspondence) Upgraded public course textbook series: Complex Function and Integral Transform is audited in accordance with the former State Board of Education and the Ministry of Education the courses are basic requirements. according to the teaching of continuing education (correspondence) need to write. The book includes complex function and integral transform two parts. Part of a complex function including: plural and complex function. analytic functions. complex integration. complex series. residues. conformal mapping. etc. the integral transform some of the major introduces the Fourier transform and the Laplace transform. Book with exercises and exercise answers in the back of each section. each chapter summary at the end of each chapter. total exercises. Exercise answers and self-test exercises to help the reader grasp the main points. Book with a summary table of Fourier transform and the Laplace transform simple table. check with for learning. Continuing Education (Correspondence) Upgraded Public Course textbook series: Complex Function and Integral Transformation available for higher technical institutions for...

Reviews

This pdf is wonderful. It is definitely simplified but excitement from the 50 percent in the ebook. You wont sense monotony at at any time of your time (that's what catalogues are for relating to should you request me).
