Reviews

This type of publication is every thing and helped me seeking ahead and much more. It usually fails to charge too much. It is extremely difficult to leave it before concluding, once you begin to read the book.

Not illustrated. 1893 Excerpt: .latitude or discretionary power is given to certain members of this staff, who regulate matters of L detail, interpret questions of minor importance, and apply to the head of the department only on important issues. The nearest approach to this in Canada is in the city of Toronto, where a special staff are detailed to this work under the medical health officer, the plumbing inspectors being in another department under the city engineer. The city of Montreal has lately appointed a sanitary engineer; sufficient time has not elapsed since his appointment to offer a comparison between the systems in operation in Montreal, Toronto and Britain. In Toronto under the plumbing by-laws plans have to be fyled and certificates to commence work given before the work is commenced; certificates of approval after examination and test, and the final certificate to the plumber have to be issued, and these are drawn in the name of the City Engineer. Sanitary examinations of premises, examinations of drains and plumbing and testing of the same are made under the direction of the medical health officer, whose men apply the smoke test when ordered and paid for, and notify the proprietor to carry out the required repairs. The repairs are done under the plumbing inspectors, who test them and issue the certificates to the plumber; therefore, in every house examination with repairs, two departments are called in with some confusion of authority. The right to determine the test of the plumbing by-laws...
